

COURSE CURRICULUM · POWERED BY GEN AI

Digital Marketing Curriculum

India's most comprehensive digital marketing program. A live-classroom + recorded curriculum built for the AI era – 16 modules, 309+ topics, 60+ tools & platforms, and real Indian brand case studies in every single module.

16

MODULES

309+

TOPICS

60+

TOOLS & PLATFORMS

Learn the exact skills India's top marketers get paid for.

From strategy and websites to Meta & Google Ads, SEO, automation, AI agents, analytics and a full Career Launchpad – everything mapped to real campaigns you can run from day one.

LIVE CLASSROOM + RECORDED VIDEO FORMAT

PROGRAM OVERVIEW

One curriculum. Every skill a modern digital marketer actually needs.

This isn't a theory course. Each of the 16 modules pairs practical, tool-by-tool training with a real Indian brand case study – so students learn the concept and immediately see how a brand like Zomato, boAt, Nykaa or CRED used it to grow. Every topic is tagged **LIVE** (taught in classroom) or **VIDEO** (recorded), and lists the exact tools used.

FOUNDATIONS

Strategy & Digital Presence

Modules 1–3

Marketing mindset, ICP, funnels, brand presence and website building with WordPress & AI.

ORGANIC & CONTENT

Social, Content & Influencer

Modules 4–5

Content pillars, copywriting, reels scripting and creator marketing with AI.

PAID MEDIA

Meta, Google & Commerce Ads

Modules 6–7, 10

Full performance marketing across Meta, Google, Amazon, Flipkart & quick commerce.

GROWTH ENGINE

SEO, Email & Automation

Modules 8–9, 11

SEO for the AI era, email & WhatsApp, CRM, automation and AI agents.

MEASUREMENT

Tracking, Analytics & CRO

Modules 12–15

GTM, GA4, attribution, conversion optimisation and CEO-level dashboards.

OUTCOME

Career Launchpad

Module 16

Personal brand, portfolio, ATS-ready CV, interview prep, salary negotiation & freelance setup.

LIVE

Live Classroom

VIDEO

Recorded Video · Every module includes an India case study and the exact tools used.

Introduction to Digital Marketing & AI Mindset

Foundations · Strategy Frameworks · ICP Creation · Competitor Research · KPI Setting

INDIA CASE STUDY

Zomato – How Zomato built a ₹1 lakh crore brand using digital-only strategy. Perfect for teaching funnels (food memes = TOFU, offers = MOFU, Zomato Gold = BOFU). Also: Jio's telecom disruption – how one product shifted 500M Indians to mobile-first internet and created the current digital marketing opportunity.

Social Media Marketing & Content Strategy with AI

Content Pillars · Reels Scripting · Copywriting · Content Calendar · Analytics · AI Content

INDIA CASE STUDY

Sugar Cosmetics – India's first Instagram-first beauty brand. Built entirely on content (3 pillars: education, UGC, inspiration) before spending ₹1 on ads. Reached ₹500 Cr. Also: Ankur Warikoo – personal brand built on LinkedIn hooks. Dissect his posts live to teach AIDA copywriting. Zomato's social media – best Indian example of brand voice + trend-jacking.

MODULE 11

Marketing Automation, CRM & AI Agents

n8n · Make.com · CRM Setup · Lead Scoring · AI Agents · LTV/CAC · Revenue Forecasting

INDIA CASE STUDY

Razorpay's Lead Scoring System - qualifies 50,000 SME leads/month using behaviour + profile data. Best for teaching lead scoring. Also: OYO's WhatsApp Bot - handles booking confirmations, check-in reminders and upsells, all automated. Live Demo: build Meta Lead Ad → n8n → WhatsApp message → CRM entry in class. Students will be amazed.

Conversion Tracking, Remarketing & Tag Management

GTM · Meta Pixel · CAPI · GA4 · UTMs · Attribution · Remarketing · Dynamic Ads · CRO Basics

INDIA CASE STUDY

Myntra's Multi-Touch Attribution – a sale starts from an Instagram ad, is retargeted via Google Display and converts through email. Show this real Indian journey and how attribution assigns credit. Also: iOS privacy changes and Indian D2C brands – brands that implemented CAPI saw ROAS recover by 25–40% vs those that didn't. Show before/after data. Nykaa's Retargeting – 3-step cart abandonment retargeting sequence.

Conversion Rate Optimisation (CRO)

CRO Frameworks · A/B Testing · Heatmaps · Landing Page Psychology · PDP Anatomy · Checkout CRO

INDIA CASE STUDY

Nykaa's Checkout Optimisation – reduced checkout steps from 7 to 3 and saw a 40%+ drop in cart abandonment. Best for the Checkout Psychology lesson. Also: MakeMyTrip's Scarcity Tactics – “Only 2 seats left at this price” – classic urgency applied to the Indian travel buyer. Urban Company's landing page – how a service brand converted leads using trust signals + instant booking CTA in Tier-2 cities.
